

Merchant to Merchant Discount Program 2008

As Heights business people, we are our own best customers and promoters. Use the Heights Merchant to Merchant Discount Program to meet your business neighbours and enjoy a special discount offered just to Heights merchants and their employees!

How does the Merchant to Merchant Discount Program work? – The discounts offered through this program are intended only for Heights business owners and their employees. **You must provide proof of employment (such as a business card or letter from your employer) to receive the discount.**

Are my family members eligible to receive a discount, too? – Due to the difficulty involved in managing and verifying customers, these offers are not extended to the relatives or family members of Heights business owners or those of their employees. Thank you for your understanding.

When do the offers expire? – Offers are valid until November 2008.

Please mention this discount at the time of order or prior to the transaction being completed. For convenience, please carry this sheet with you and show the merchant at the time of purchase.

If you would like to participate in this program in 2009 and offer a discount to fellow Heights merchants, please call 604-294-8899.
